DESCRIPTION

Belonging to the Morgan representative in Portugal for over 30 years, this 1998 Morgan Plus 8 has been carefully maintained and preserved, reflecting its owner's passion and love for the brand.

The heart of this Morgan Plus 8 is the powerful 3900 cc V8 engine, producing 190 horsepower, the same one used by Range Rovers V8 of the era and a benchmark engine for its linearity, offering a unique driving experience that invites you to explore Portuguese secondary roads with pleasure and style.

That is exactly what its owner did when he picked it up at the Morgan factory in Malvern, and drove it all the way to Lisbon.
