DESCRIPTION

Cayenne Turbo GT in excellent condition, only 16100 kms.

Since the launch of the first generation Cayenne, there has not been as much excitement about a new high-performance Porsche as with this one, the new Cayenne Coupe Turbo GT.

22'' Wheels + Heated and Ventilated Seats + Leather Dashboard

Premium Burmester Sound System + Carbon Finishes

Impressive performance, build quality, balance between ride and handling, excellent dynamics.

The carbon fibre roof, for example, is there to lower the centre of gravity.

You also get a GT-specific front apron and spoiler, as well as larger side air deflectors. Black wheel arch extensions add visual width (muscle) to the car, and there is a carbon fibre roof wing, plus an extendable adaptive rear spoiler that is 25 mm larger than the one fitted to the Turbo. Consequently, Porsche claims an increase in down force of around 40 kg at the Turbo GT's top speed.

At the rear, there is a carbon fibre diffuser panel, which frames the huge titanium exhaust outlets.

We accept trade-ins and offer financing up to 120 months with or without a down payment.
